AGRO DIVISION 2020 EDUCATION TRAVEL AWARDS

Sponsored by Bayer US LLC, Crop Science Division

UNDERGRADUATE & GRADUATE STUDENT RESEARCH

Travel Support for Student Posters and Senior Grad Student Oral Presentations

2021 Fall ACS National Meeting in Atlanta, Georgia, USA

The AGRO Division has established an endowment fund to promote an understanding of the role of chemistry in agriculture. To address this goal, student awards will be made through the Division's Education Committee.

Applications are sought for the 2021 Travel Awards. Selected undergraduate and graduate students will be awarded up to \$600 each to help defray costs of attendance to give a poster or an oral presentation at the 262nd ACS Fall National Meeting, which will be held in August 2021. Students should submit their abstracts in the symposium of their choice. First, Second, and Third place winners in the poster competition will receive an additional cash award.

The subject of the presentation should pertain to the chemistry of the AGRO Division. Topics should relate to pest management chemistry including synthesis, metabolism, regulatory, risk assessment, biotechnology, resistance, mode of action, residues, delivery, fate/behavior/transport, and agronomic practices. The AGRO Division is also interested in chemical products made from agricultural commodities and byproducts, including biofuels, and the issues surrounding their production.

Graduate students who have previously attended scientific meetings AND are in or nearing their last year of graduate school are encouraged to do an oral presentation instead of a poster. AGRO members will be available to provide constructive critiques.

PLEASE NOTE: You must contact the organizers to determine if you are eligible to do an oral presentation **before** submitting your abstract.
